AMF-Bruns of America (www.amfbrunsamerica.com) is a global manufacturer of vehicular modification products, which include wheelchair securement & occupied restraint systems and associated equipment for the safe transportation of people with limited mobility. In the 1970's they invented the world's first 4-point retractor wheelchair anchoring system. Founded in Germany in 1958, the U.S. distribution facility opened in 2013. They ensure the highest degree of quality in accordance with ISO 9001. Today they service customers in more than 50 countries throughout North and South America, Europe, Australia and Asia.
